To Whom this may concern,

Madison Smith worked as my Executive Assistant in my company Wake up to Beauty. We are engaged in the business of manufacturing, branding, product development and consulting. Madison's responsibilities included project coordination, order fulfillment, creative assets, social media and assisting me in my daily responsibilities.

Madison is truly a dedicated, passionate, responsible and trust worthy team player. I was very fortunate to see her talents expressed through learning and growth. She always went above and beyond to help the company grow and was willing to put in extra efforts to meet deadlines which showcased her excellent work ethic. She was caring and professional with our customers and staff and I believe she will add value and passion wherever goes.

Thank you,
